

## Evolution/Evo Plus/Inspiration Service Pricing

### Vision Electronics Servicing

**\$219.00 – A 'Basic' Vision Electronic service would include:** Sensor holder removed, O-ring replaced O2 sensors removed and tested. If out of date or faulty we would recommend replacements. Coaxial connectors inspected Condition of wiring loom for lid, handset and scrubber checked Solenoid and its fittings removed, inspected, cleaned and flow tested Buzzer wire connections checked and buzzer hose O-ring replaced Battery box inspected Lid reassembled with new O-ring fitted Handset buttons inspected for operation. Handset screen saver and wrist straps inspected. HUD operation checked and fibre optic adjustment made if required. Electronic performance assessed. Tested for leaks and for correct calibration and accuracy at 1.3bar. New batteries supplied when electronics returned. Note: All replacement parts required during servicing will be charged for in addition to the service costs.

**\$249.00 – Full Vision Electronics Service** – If we find that the condition of the electronic lid fittings are very poor during the initial inspection, then a 'Full' service would be recommended and this would include the following in addition to the 'Basic' service: All hoses removed, cleaned and O-rings replaced. All lid fittings removed, cleaned and O-rings replaced. Note: All replacement parts required during servicing will be charged for in addition to the service costs.

**\$499.00 – Replace Mono LCD wrist display. (Lid service also required)**

**\$219.00 – Low Power Solenoid only. (Lid service also required)**

**\$599.00 – Install Rechargeable Battery Box. (Lid Service also required)**

**\$1499.00 – Install 2020 Color Screen Upgrade.**

**\$14.99 (each) – Install Fastex style wrist straps**
